Natalie Orenchuk-Tomiuk Msw., Rsw., Bsw., B.A.

Natalie is a child development consultant, psychotherapist and trainer. She has extensive experience with special needs children, teens and adults. Specializing in Gifted and Dual Diagnosis such as LD/ADD/ADHD, Aspergers and high-functioning Autism.

Natalie will present from research and her many years of working with gifted children and gifted families, how to best deal with the many challenging aspects of parenting and working with gifted children and teens.

Natalie's presentation will include issues such as:

- How to support a gifted child's major socio-emotional, intellectual, cognitive and physical needs.
- Which complexity requires immediate priority attention and intervention (i.e. socio-emotional, academic, intellectual/cognitive or physical).
- Which methods are most helpful for gifted children during a particular developmental phase, such as, underachievement, depressive, sad episodes or when they are experiencing fears and anxiety.
- How to assist a gifted child's potential with encouragement, support and challenge and maintain their growth and maturation.
