Keep a record of **all** your communications with the school staff. Record meetings, phone and email communications, dates, names, what was said. The decision to enroll a child in a contained gifted program (ELC) is easily reversible. If the placement doesn't work out, the child can always go back to the regular class. The reverse is rarely true. If you opt to keep your child in the regular class, and your child quickly becomes bored, transferring to a contained gifted class during the same school year or even the next, may not be possible.
