Keep a record of all your communications with the school staff. Record meetings, phone and email communications, dates, names, what was said. The decision to enroll a child in a contained gifted program (ELC) is not irreversible. If the placement doesn't work out, the child can always go back to the regular education classroom. The reverse is rarely true. If you opt to keep your child in the regular education classroom, and your child quickly becomes bored, transferring to the contained gifted classroom during the same school year may not be possible.
